

What is the purpose of the Disabled Parking Identification Card?

DMV issues Disabled Parking Identification Cards (DISID) to physically disabled persons or to organizations that regularly transport persons with disabilities.

A person displaying a DISID card on their vehicle:

- is exempt from any parking ordinance imposing time limits of one-half hour or more limitation but otherwise is subject to the laws relating to parking.
- can park without payment in metered stalls when the time limit is one-half hour or more.
- may park in spaces reserved for disabled persons marked by official traffic signs indicating the restriction.
- may obtain motor fuel from a full-service pump at the same price as the motor fuel dispensed from a self-service pump at locations which sell both.

Who may obtain a card?

A card may be obtained by:

- any person certified by a Health Care Specialist to have a disability as defined by statute that limits or impairs the ability to walk.
- an organization that regularly transports persons who have a disability as defined by statute that limits or impairs the ability to walk.

What is required?

An individual shall complete a special application form which includes a section that must be completed and signed by a physician who is licensed to practice medicine in any state, an advanced practice nurse licensed to practice nursing in any state, a physician assistant who is licensed or certified to practice in any state, a chiropractor licensed to practice chiropractic in any state, a Christian Science practitioner residing in this state and listed in the Christian Science journal, or a representative of the U.S. Department of Veterans Affairs.

An organization's application must be completed by an official of the organization.

What types of cards are available?

Persons with a permanent disability will be issued a blue disabled parking ID card that must be renewed and recertified every four years. Persons with a temporary disability will be issued a red card that is valid a maximum of six months. If the disability lasts longer than originally estimated, a new card is issued upon completion of an application.

What do they cost?

There is no fee for permanent cards. The fee for a temporary card is \$6. All applications made at DMV Service Centers are subject to an additional \$3 per application counter service fee.
